ALLEN COUNTY PUBLIC LIBRARY

3 1833 07539 7114

This,

The 1971 Hub,

forms
a brief record
of
our years

at
Grand Gorge Central
and
reveals

the memories we cherish
and
the dreams we reach for...

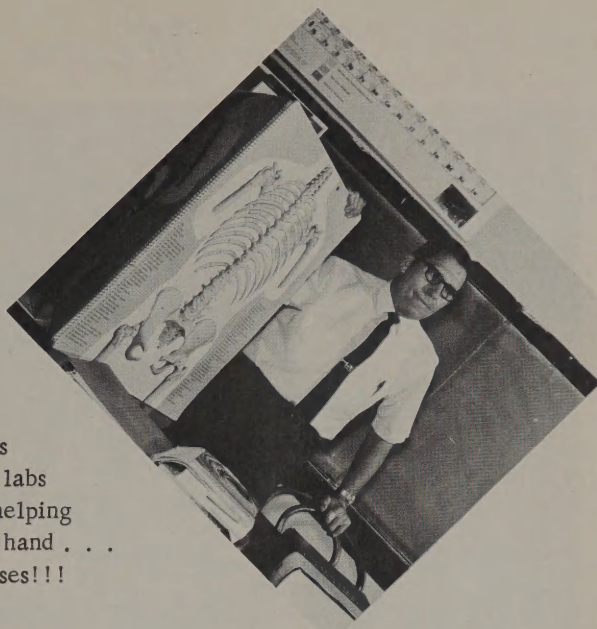

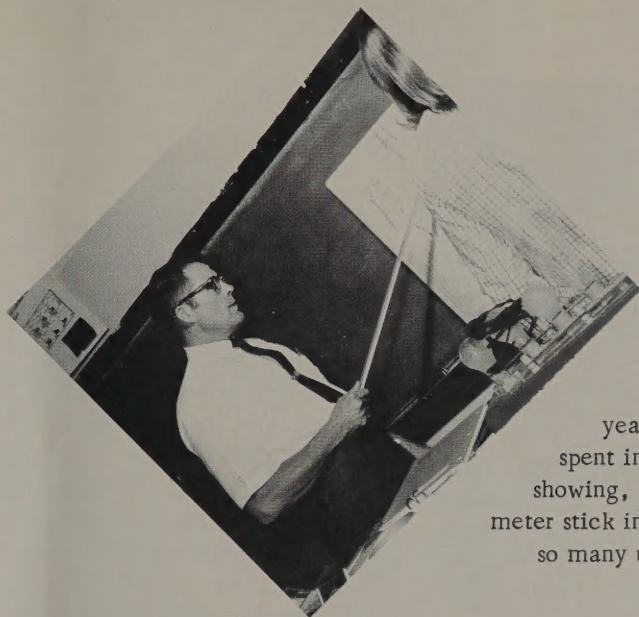

Mr. Givens,

We spent five years together . . . growing from scatter-brained run-all-over-the-school kids, into fairly mature, (sometimes scatter-brained) adults. Those first two years we all thought you were some kind of ogre because you wouldn't let us do anything fun, like shout in homeroom, or throw things around. But then you began to mellow, and by the time we were sophomores and juniors, you were as excited about our activities as we were. We'll never forget how proud you were when we sang at the Christmas concert, or when we were inducted into the Honor Society, or how much help you gave us preparing for our Prom. Neither will we forget all those jokes you TRIED to lighten our days with.

Then you had to leave us. We didn't want you to go, but it couldn't be helped, and we understand. But we want you to know that we REALLY miss you, Mr. Givens, and this year-book is our tribute to you.

Our Friend

Mrs. Moore

Many times throughout the years, you have given a part of yourself to us - by spending extra hours helping students; by playing the piano for all events; by teaching others the true beauty that can be found in music. We only regret that we never thanked you for all the things you did, and so now, though it comes years too late, the Class of 1971 wants to say "thank you for everything you've done for us, and for being the person you are."

The Class of 1971

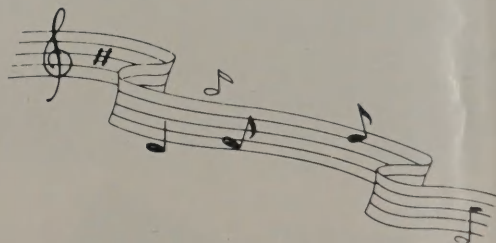

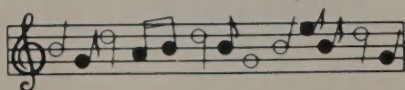

Remember . . .

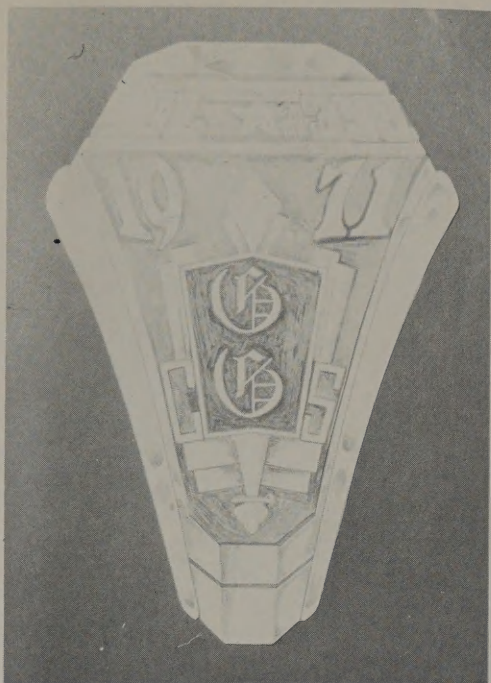

The year the band won second prize; when your music fell during "Rock of My Soul" at the Spring Concert; your beat-up drum stick; the gum on your wall; late practice notes; the parties you had after concerts; your years at G. G. C. S.

"Music is the prophet's art;
once admitted to the soul,
it becomes a sort of spirit
and never dies."

The Party's Over

We came hesitant and half afraid
Eager to learn and yet . . .
Wary of the doors as they closed behind
Shutting out the familiar
And offering the unknown . . .
Little by little we conquered
Progressed and grew
Always maintaining ourselves,
Vulnerable but still inviolate
Remembering ever in the midst
Of swirling, seemingly impossible chaos,
Our dreams and our integrity.
Somehow out of the years
We gained more than we lost;
We won more than we yielded;
We received more than we gave.
A pattern emerges from half forgotten laughter,
From the warmth of experiences shared,
From the closeness of knowing others
From the disappointments and the tears
From the anger expended futilely . . .
A pattern of change, almost unnoticed,
Year by year until at last
It catches us, unaware,
And propells us, once again
Hesitant and half afraid,
Wary of the doors as they close behind us -
Now reversed with us outside -
Shutting out the familiar
Offering the unknown . . .
The dreams are still with us
The memories ours forever
The unexpected sense of loss,
Of sadness unexpressed,
Lingers long after the final goodbye.
Our childhood recedes,
Revealing us in half maturity
Not fully conscious of how or when
But accepting . . .

In a time of large, over-crowded discount stores, it is nice to know that there is still a store that cares - BRESEE'S. Shopping at Bresee's Department Store in Oneonta is an experience that smart shoppers relish.

In addition to having the largest variety of fine merchandise to offer the customers, and being easy to reach, BRESEE'S is one of the most pleasant places that I can think of to visit. One always finds friendly sales people at BRESEE'S. They are experienced people who have been trained to serve the customer well and who are willing to do so amiably.

Also the food served at BRESEE'S famous Health Bar is simply the greatest and the prices are far more reasonable than those that are to be found in many other restaurants.

So, here is the store that offers everything that a shopper can want: terrific bargains at an accessible store, pleasant personnel with which to deal, and a snack bar to satisfy your hunger while you're picking up those bargains.

Do as the teenagers of Grand Gorge do,
SHOP BRESEE'S!

HUNTER MOUNTAIN SKI BOWL

This is a snowflake... at Hunter Mountain we've got a billion of 'em—maybe more. We make most of it ourselves, with some of the finest snowmaking equipment in the world. We practically "guarantee" skiing.

We've also got fourteen lifts and tows, 30 miles of slopes and trails to slide down, more than 150 acres of snowmaking coverage, one of the grooviest base lodges anywhere with saunas, bars, cafeterias and all the goodies for singles and families alike.

Hunter Mountain is a Total Facility. We take pride in the quality of our skiing. That's why it all starts with that little snowflake... and ends with happy skiers. Try us.

and now... HUNTER WEST

As if Hunter Mountain wasn't enough, we've added a whole new dimension to skiing. We've opened a new ski area. It is not merely the expansion of Hunter, but the creation of a new resort. This year, one double chair will service three miles of trails.

The creation of Hunter West opens a whole new panorama of mountains to be developed in the coming years.

Hunter Mountain and Hunter West are the Ski Resorts of the Seventies.
